OBJECTIVE

- Seeking an internship opportunity as an intern at Goldman Sachs to leverage and enhance my skills. Eager to contribute to innovative projects, gain practical experience in the software industry and hands-on experience in a professional setting, while also embracing opportunities for personal and professional growth.
- My areas of interest lie in applications of Data analytics and Full-Stack web development

EDUCATION

Mahatma Gandhi Institute of Technology

Bachelor's in Computer Science and Engineering

2022-26

CGPA: 7.5/10

Senior Secondary Education

2022

GPA:9.7/10

Secondary Education

2020

GPA:9.33/10

SKILLS

Programming Languages: Java,C,R

Web Development: HTML5, CSS, Javascript

Databases: MySQL

Technologies: Github, AWS(S3)

RELEVANT COURSEWORK

- Data Structures
- Database Management System
- Data Science

PROJECTS

QR Codes for books

Developed a fully functional QR code generation tool for a library and book management system using HTML, CSS, and JavaScript for the front-end interface. Integrated the system with AWS S3 for efficient cloud storage and retrieval of book-related data, enabling easy access through QR codes. Utilized Python for generating the QR codes. This streamlined book tracking and inventory management by 30%, significantly reducing the need for manual data entry. Technologies used include HTML, CSS, JavaScript, AWS S3, and Python.
